SUMMARY

Third-year B.Tech student specializing in Artificial Intelligence and Machine Learning at VIT Bhopal University with a strong academic record and practical exposure to AI-driven projects, data analysis, and software development. Demonstrates good working knowledge of Python, object-oriented programming concepts, and machine learning fundamentals, gained through coursework, projects, hackathons, and research work. Experienced in collaborative team environments and research-oriented problem solving, with a growing focus on building practical, scalable, and user-centric solutions.

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, SQL
Frameworks & Libraries: Scikit-learn, Pandas, NumPy
Cloud & DevOps: AWS (foundational services), Git, GitHub
Tools & Design: Canva, Adobe Express

PROJECTS

SafeWalk – AI-Powered Fall Detection App *Secured 3rd Place in CodeVerse Hackathon (250+ Teams)*

- Developed an AI-powered fall detection web application for elderly safety using real-time camera input and TensorFlow.js
- Built a responsive, accessible interface using React, Next.js, Tailwind CSS, and TypeScript, with in-browser processing for privacy
- Collaborated in a team environment, using GitHub for version control and feature integration

RESEARCH EXPERIENCE

Clinical Decision Support through Machine Learning: Diabetes Onset Prediction

- Co-authored a research paper benchmarking LightGBM and deep learning models for predicting diabetes onset
- Performed data preprocessing, model training, performance evaluation, and comparative analysis
- Paper accepted for oral presentation at the 4th International Conference on Applied Artificial Intelligence and Computing (ICAAIC 2025)

CERTIFICATIONS

• **IBM** – Python for Data Science, AI and Development • **IBM** – Generative AI Using IBM Watsonx • **Microsoft** – Certified Azure Data Fundamentals (DP-900) • **Microsoft** – Azure AI Odyssey • **NPTEL** – Cloud Computing • **University of Michigan (Coursera)** – Applied Machine Learning in Python • **MathWorks** – MATLAB Onramp • **Deloitte** – Cyber Job Simulation

EDUCATION

VIT BHOPAL UNIVERSITY

Sep 2023 -May 2027

Bachelor of Technology (BTech) – AI & ML [CURRENT CGPA:8.88]

St. Joseph's Convent, Jabalpur

Senior Secondary[71.4%]
Secondary [95.2%]

May 2023
June 2021

EXTRACURRICULAR ACTIVITIES

- Core Member, AWS Club (Design Team)
- Volunteer, TCS Recruitment Drive
